

Picture this for Christmas!

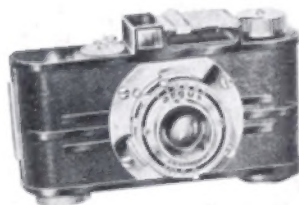

A new Argus camera for Christmas is a gift truly worthy of the thought behind it. For, when you give an Argus, you know you give your best. Your favorite camera dealer will be happy to help you now to select the Argus camera you want. See him today.

ARGUS, INCORPORATED • ANN ARBOR, MICHIGAN

See Faster, More, Exactly with Model 21

Only Argus 21 has "Markfinder" viewfinder. Center cross-mark speeds aiming. Guidelines improve framing. F3.5 Anastigmat lens coated, color corrected. Double exposure guard. Synchronized flash. Speeds 1/10 to 1/200.

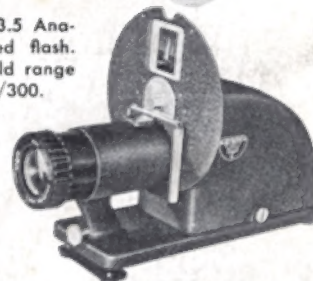

Argus A-2 for Superb Color
F4.5 Anastigmat, coated, color-corrected lens. Automatic shutter, 1/25 to 1/150. Built-in exposure meter.

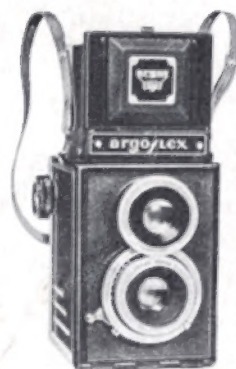

Argus C-3 for Inside and Outside Shots

Coated, color-corrected F3.5 Anastigmat lens. Synchronized flash. Accurate coupled, split-field range finder. Shutter 1/10 to 1/300.

Popular Argus Projector

Uniform illumination to edges. Keeps slides safe from heat. Film-strip adapter takes 35 mm or Bantam. Takes slides right side up.

Twin Lens Argoflex

Avoids tilting, cropping; prevents faulty focus. F4.5 Anastigmat, coated, color-corrected lens. Speeds 1/10 to 1/200. 12 exposures (2 1/4 x 2 1/4). Carrying case.
